

To Parents / Guardians:

A student who contracted the flu is required by law to stay home until recovery, and the stay-home period is also determined by law. Before the student may return to class, their guardians must fill out the following report and submit it to the school.

Corona Virus Recovery Report

Takaoka City

School Principal

Grade Group Student Name

Guardian Name

After examination at a medical institution, my child had been diagnosed with the corona virus (or is suspected of having corona virus symptoms). I would hereby like to report his / her recovery.

1 Development from the Onset Date (Please fill in the table framed in bold.)

① Onset Date: specify the date and day of the week ※The "onset date" is defined as the day on which unusual symptoms such as a fever, sore throat, or cough appears. If the student has no symptoms, the onset date is the day the virus test was conducted.

② Fever: record the highest temperature per day.

	Day 0 Onset	Day 1	Day 2	Day 3	Day 4	Day 5	Day 6	Day 7	Day 8
Date	/	/	/	/	/	/	/	/	/
Day	()	()	()	()	()	()	()	()	()
Presence of fever?	°C yes • no	°C yes • no	°C yes • no	°C yes • no	°C yes • no	°C yes • no	°C yes • no	°C yes • no	°C yes • no
No symptoms	Onset						Possible return to school		
Improvement of symptoms on day 1		Improve ment of sympto ms							
Improvement of symptoms on day 2		Improve ment of sympto ms							
Improvement of symptoms on day 3				Improve ment of sympto ms					
Improvement of symptoms on day 4					Improve ment of sympto ms				
Improvement of symptoms on day 5						Improve ment of sympto ms			Possible return to school
Improvement of symptoms on day 6							Improve ment of sympto ms		Possible return to school

※ Students should only attend classes after having fully recovered (do not force the student to return even if according to this calendar, it's possible to come back to school).

<Stay-Home Period>・・・Days shaded in the table above.

- ※ 5 days after the onset of symptoms and one day after the fever break.
- ※ If symptoms only start to improve after 5 days past the onset day, the child's stay-home-period shall be extended.
- ※ Please be mindful of those around you by wearing a mask, as the corona virus is still transmittable for up to 10 days past the onset date.

2 Corona virus test date: Reiwa Year Month Day ()

3 diagnosis date: Reiwa Year Month Day ()

Medical institution name: _____

4 Back to School Date Reiwa Year Month Day ()

<<For Office Use>>

Duration of Absence: Reiwa Year Month Day () ~ Reiwa Year Month Day ()
